Lehigh Valley Dive Center is committed to the highest training and customer service standards. Whether you are new to diving or have years of experience, we have the right gear to help you get into the water.

We have high quality, brand name equipment available for you to rent for your next dive trip or for local diving. We have BCD's, regulators, computers, wetsuits, weights, air and NITROX ready tanks, and much more. If you don't see what you are looking for in the list below, give us a call and ask. We ensure that you receive a proper fit and know the features of the equipment you rent. Fit makes all the difference in a dive, and we have a complete line of female BCD's and wetsuits available for the perfect fit. You can apply 100% of your rental fee towards purchase of similar new equipment within 14 days.

Our factory-trained repair technicians put your equipment through a rigorous process of an incoming check, full service and parts replacement as recommended by the manufacturer, adjustment to specification, and an outgoing check to ensure quality. All work is fully documented and your used parts are available for inspection. Visual tank inspections are performed by PSI certified inspectors to both PSI and CGA standards, assuring you of a complete and quality evaluation.
